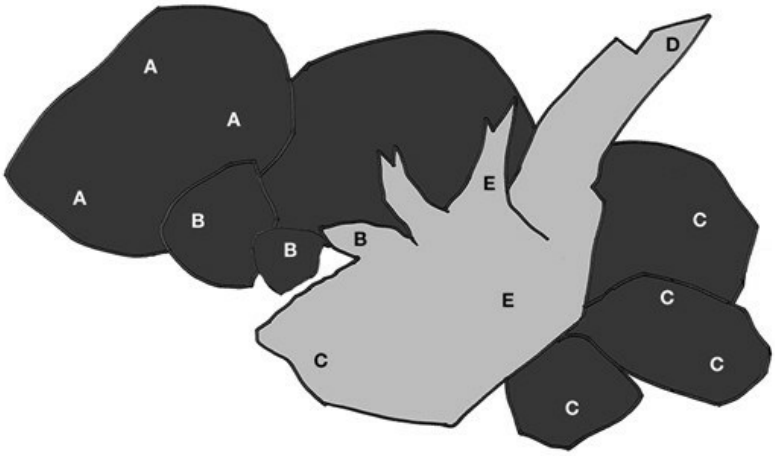
Layout 104 (28 L)



by James Starr-Marshall

This aquascape is based on the idea of a fallen branch. Mosses were used exclusively in this setup to create a textural appearance in keeping with the very small size of the fish. The Moss was attached to lava rock with hair nets tied off with fishing line, I find this method to be quickest.

It was also necessary to stock heavily with shrimps to keep the Moss in good health.

Technique

Aquarium:	OPTIWHITE45 X 25 X 25CM
Volume:	28 L
Light:	T5 24W
Gravel:	Fine silica sand
Decoration:	Horn wood, Lava rock
Filter:	Eheim experience 150
CO2:	45 bubbles per minute
Fertiliser (weekly):	Tropica Specialised and Premium fertiliser
Maintenance (hours per week):	<½
