

by Stuart Worrall

Large pieces of Seiryu Stone were used in the Aquascape to provide a rocky outcrop view in the tank. These were supported upon polystyrene sheets in order not to stress the glass at the base of the tank. Once these rocks were positioned several pieces of Manzanita Wood were used to run through the cracks in the rock to provide a harmonious balance of rock/wood in nature. Various mosses and *Hemianthus callitrichoides* "Cuba" were used to disguise the edges where the rock met the wood where the wood had been tied to secure it from floating.

Around this, several rocky hill stem plants were used alongside detail plants like hairgrass, crypts and *Rotala* 'Bonsai' to provide colour and diversity in the aquascape.

Pencilfish were used as a shoal in the tank alongside Red Cherry Barbs and Red Cherry shrimp.

## Technique

Aquarium:	TMC
Volume:	182 L
Light:	1 x 150mh
Substrate:	Tropica substrate
Gravel:	Aquasoil
Filter:	Eheim 2078 + ADA ES-600
CO2:	25PPM
Fertiliser (weekly):	Premium Fertiliser 45 ml + Specialised 45 ml
Maintenance (hours per week):	1-2

## Plants used in this layout

A)	<i>Taxiphyllum</i> sp. 'Spiky Moss'	(003G POR)	4 pcs.
B)	<i>Vesicularia ferriei</i> 'Weeping Moss'	(003B POR)	4 pcs.
C)	<i>Anubias barteri</i> 'Petite'	(101H)	5 pcs.
D)		( )	2 pcs.
D)		( )	2 pcs.
E)	<i>Limnophila hippuridoides</i>	(047C)	8 pcs.
F)	<i>Micranthemum callitrichoides</i> 'Cuba'	(048B)	12 pcs.
G)	<i>Micranthemum glomeratum</i>	(048A)	4 pcs.
H)	<i>Ludwigia palustris</i> 'Super Red'	(035B)	7 pcs.
I)	<i>Eleocharis parvula</i>	(132C)	10 pcs.
J)		( )	10 pcs.
J)	<i>Helanthium tenellum</i> 'Green'	(067A TC)	6 pcs.
K)	<i>Rotala indica</i> 'Bonsai'	(033E TC)	3 pcs.
L)	<i>Cryptocoryne beckettii</i> 'Petchii'	(108A)	2 pcs.
L)	<i>Cryptocoryne wendtii</i> 'Tropica'	(109E)	2 pcs.
L)	<i>Cryptocoryne parva</i>	(106)	2 pcs.
M)		( )	4 pcs.
